

TWO MORE ENGLISHMEN AND ANOTHER AMERICAN "DISAPPEAR" IN MEXICO

Men Who Go to Juarez to Search for Benton May Have Met His Fate

TO PROBE BENTON DEATH

Former Governor of New Mexico Appointed at Indignation Meeting to Investigate Killing

MASS MEETING AT EL PASO

EL PASO, Tex., Feb. 20.—Two more Englishmen are reported as having "disappeared" in Juarez. The report came tonight from Samuel Stewart who says the men, John Lawrence and a companion of the name of Curtis went to Juarez Wednesday to search for William S. Benton and expressed the fear that they, like Benton, had been shot. Stewart with Major Holmdahl of Villa's staff, was permitted to search the jails and guard houses of Juarez today but could find no trace of them. Lawrence is chief engineer of the California Development company and came here on a vacation from Yuma, according to Stewart.

Bauch Also Disappears.
Gustav Bauch, who was being tried for being a spy also disappeared today. Thomas D. Edwards, American consul at Juarez said when friends of Bauch went to visit him with bedding and food he was not in the cell where he has been held incommunicado since last Sunday while his trial was being held. Reports are numerous today that Bauch will be shot. The consul is confident that Bauch was not removed to Chihuahua as he watched the train depart this morning with General Villa on board.

Stewart quoted a rebel officer whose name he did not learn as remarking: "Well, we've gotten rid of three more gringos."

Stewart's Status Not Clear.
Stewart's status here is not exactly clear although he told a circumstantial story of his search for the missing men. At first he gave the name of Thompson but when told his name would be published he said he was known here as Stewart. He is an Englishman and claimed to have served in South Africa as a lieutenant in the 43rd artillery. He wore the South Africa and Orange Free State medals with several service bars.

Lawrence, he said, went to school with Benton in England. Curtis, he said, also was an Englishman by birth, but is now the owner of a ranch in New Mexico.

Hold Indignation Meeting.
EL PASO, Tex., Feb. 20.—A storm of indignation broke today along the border when it became known that William S. Benton, a British subject and wealthy land holder in Mexico, had been executed by rebels in Juarez after he had made a protest to General Francisco Villa about alleged depredations of the constitutionalists.

A mass meeting was held and resolutions adopted censuring the state department at Washington for its alleged suppression of the consular report of the Benton case and calling on congress to demand from the department of state a full record of alleged crimes and outrages against foreigners in Mexico.

Former Governor George Curry of New Mexico was named a committee of one at an impromptu indignation meeting to investigate the killing of Benton.

Goes to U. S. Consul at Juarez.
Mr. Curry went first to Thomas D. Edwards, United States consul at Juarez. "I have telegraphed the secretary of state that Benton's death has been officially reported to me," said the consul. "Such other details I have forwarded to Washington by mail. General Villa said he did not care to talk to the press or public of the case, but gave me the information for Mrs. Benton, the widow and the state department. They are at liberty to talk, but I promised the general that I would remain silent."

Asked as to his use of the phrase "officially reported death" and if he personally thought the official report by Villa might have been misleading, the consul said that he had had a faint hope that Villa might, for his own reasons have misled him.

This morning the consul watched the train which Villa and his staff boarded, hoping to catch sight of Benton, but saw none but Mexicans.

Benton Disappeared Tuesday
and there is no disposition outside the American consulate—if it still exists there—to doubt the authenticity of Villa's report to the consul. Mr. Edwards made his first inquiry of Villa yesterday.

"Mr. Edwards," Villa is reported as saying, "Mr. Benton is dead. You are an official of the United States and I give you this as official report. I have made denials to other inquirers as this is not a matter for the public. It is for the information for the widow and state department."

El Paso Mass Meeting Resolution

EL PASO, Tex., Feb. 20.—The resolutions passed by the mass meeting held here tonight were in part, as follows: "The cold blooded and heartless assassination of Mr. William S. Benton, without any cause whatever, other than the fact that he went to Juarez to protest against the confiscation of his property is but another crime to be added to the hundreds that have already been committed against all foreigners living in Mexico.

"We believe that the state department at Washington has persistently suppressed facts concerning the true conditions in Mexico and endeavored through inspired newspaper articles and by other means to mislead the American people and form public opinion for political purpose in support of a policy that is inimical to all foreign interests in Mexico and to the Mexican people themselves.

"We recall in the last few months such cases as the assassination of Mr. Barton at Santa Rosalia, Mr. Hayes and Mr. Thomas at Madera and Mr. Brooks in Northern Chihuahua and in every one of these cases they were most brutally murdered for no other reason than that they were American citizens.

"Our government, through a weak and vacillating policy is encouraging lawless leaders to commit all kinds of outrages against foreigners and is doing a great injustice to our people that is resulting in a loss of hundreds of millions of dollars of foreign capital, the murder of many of our citizens, the raping of American women, and ruin of Mexico itself.

"Resolved, That this message be sent to the president of the United States, the British ambassador at Washington, to our United States senators with the request that it be read into the congressional record, and we appeal to them and to all our representatives in both branches of congress to adopt a resolution to compel the state department to transmit to congress its records pertaining to the outrages committed against Americans and foreigners in Mexico and to take such action as will give our people the protection guaranteed them in their constitutional rights.

Mr. Edwards would not state that Mrs. Benton was unable to. That Benton and Villa had quarreled was learned and there was many versions of the quarrel, but all official versions were misleading. It was at first believed Villa, who had known Benton for years, would not dare to kill him, but was trying solitary confinement as a preventive.

Inform Mrs. Benton
Edwards waited until after his late hour flight away with the departure of the train this morning before informing Mrs. Benton that her husband was dead.

Just what occurred between Villa and his ill-fated visitor last Tuesday may never be known. Through the widow and a cousin, William Benton, and through friends of the deceased it was learned that Benton wished permission to bring to the United States 400 head of cattle on his ranch, Los Remedios, in Western Chihuahua. His cousin, who is part owner of Los Remedios, thought that the request would be wasted, although other foreigners have been considered treated when asking similar favors.

"Villa probably will grant your request, but he'll give you a lecture and you must not resent the lecture. If you do you may get into trouble," he was warned.

"If he lectures me, I'll lecture back," replied Benton. "I have never made a political move in Mexico and if he accuses me of it I have some accusations of my own to make."

Declines to Grant Permit.
Benton made the request and his friends never saw him alive afterwards. As Mrs. Benton gathered up the story from Consul Edwards, Villa declined to grant the permit saying:

"Mr. Benton, you have never been a friend of ours and I don't want those cattle taken out of the country. We can use them ourselves."

At this point it is assumed the quarrel started. Benton was not in accord with the Madero revolution which expelled Porfirio Diaz from Mexico and in the foreign club at Chihuahua was wont to express his opinions freely.

Never Owned Revolver.
The many persons who knew him well in Chihuahua and along the border, including his cousin and widow, assert he never owned a revolver and did not have one upon him when he went to Juarez. Villa on Wednesday night, talking to a reporter, asserted that he had Benton's six-shooter.

"What do you think of a man who would come here and threaten me?" exclaimed the rebel general. A Mexican bystander replied:

"He ought to be shot."

This was twenty-four hours after the execution had taken place. Villa

SPARKS FROM THE WIRE

PARIS, Feb. 20.—News reached here today of the death in Calcutta India of Baba Bharila, well known philosopher. He was 55 years old.

QUEBEC, Feb. 20.—The church building and the chapel of the Grey Nuns' Convent occupying a city block, were destroyed by fire today together with many valuable paintings. The convent was seriously damaged.

LOS ANGELES, Cal., Feb. 20.—The Vanderbilt Cup race over the Santa Monica course arranged for tomorrow was postponed today until Feb. 26th, on account of rain. The grand prize was postponed until the Saturday following.

SAN DIEGO, Cal., Feb. 20.—Buffeted and tossed about like a feather for one hour and twenty five minutes by the furious wind which swept the ocean, Glenn Martin, accompanied by Frank Garbutt, a Los Angeles millionaire, today piloted his plane from Oceanside to North Island in what was the most hazardous and spectacular flight ever undertaken on the Pacific coast.

EVANSVILLE, Ind., Feb. 20.—Weather bureau officials today warned farmers living in the lowlands of the Ohio river in this section to move to higher land saying that the river would reach a stage of 32 feet here tomorrow. It was said that reports from points on the river above here indicated that a stage of 37 would be reached here Sunday. This is two above the danger mark.

didn't tell the American consul that Benton was court-martialed but official Juarez was very busy today with assertions to that effect. Names of those who sat as a court were given out for publication and it was stated at the Jefferson that Benton's last request was that his property be turned over to his widow.

Edwards last night asked Villa for the body to be brought to this side of the river but the request was curtly denied.

"Then, as a favor to me and to the widow, will you have the grave marked," asked the consul.

This Villa promised.

Benton, it is said, was tried on a charge of conspiracy against the rebel government and with "provoking and insulting General Villa."

His national grandfathers, Col. Hay is said to have participated in an officer in the famous charge of the light brigade at Balaklava.

Of International Interest.
Washington, Feb. 20.—A slumbering Mexican situation was brought quickly to a point of intense international interest today by the flash of a message stating that William S. Benton, a British subject, had been killed in Juarez by order of General Francisco Villa, the constitutionalist commander.

Sir Cecil Spring-Rice the British ambassador, conferred with Secretary Bryan about it. President Wilson and his cabinet discussed it briefly and a thorough investigation was ordered by the state department from consular representatives on the border.

In this case for the first time since the present revolution began a year ago the general warning from the United States government to Mexican factions to protect all foreigners went unheeded.

"I haven't sufficient facts on which to base an opinion," said Secretary Bryan today. "Until I have the department will express no opinion."

This was the official view of the situation while messages passing back and forth between the state department and Consul Edwards and his temporary assistant, G. C. Corrothers, consular representative at Torreon. Only a few details were announced by the state department—that Benton had been executed after a military trial. A copy of the sentence of the court setting forth the evidence in the case was promised the American consular representatives.

Mails Full Report.
Mr. Bryan said a full report of the affair was on its way by mail from Consul Edwards, to whom General Villa had personally explained the incident.

The killing of a British subject under circumstances such as dispatched from the border portrayed caused a stir in diplomatic circles. Those familiar with the aggressive attitude Great Britain assumes in pressing for reparation when her subjects have been wronged were inclined to foresee interesting developments impending.

Discussion of the case between the ambassador and the secretary of state developed clearly the absence of any responsibility on the part of the United States for the killing of the British subject although the investigation might prove it to have been unjustifiable.

IS ABOVE THE STATE LAW.
New York, Feb. 20.—The appellate division of the Supreme court declared today that an American ambassador to a foreign power is above the law of his state at home and on this ground refused to compel James W. Gerard, ambassador to Germany, to return from his post and decide the appeal in a case which came before him when he was a justice of the Supreme court.

MISS MADELINE FUNK WEDS.
Bloomington, Ills., Feb. 20.—An announcement is made of the marriage at Gulfport, Miss., of Miss Madeline Funk, a member of the Funk family of wealthy Illinois land owners to William McCullough, a lawyer of Decatur.

NORWEGIAN VESSEL IS DRIVEN ON ROCKS

BARK MEXICO DRIVEN ASHORE IN GALE OFF COAST OF WEXFORD

Ship Lies in Dangerous Position on Rocks of One of Sallee Islands—Her Crew and Life Boat Crew are Aboard—Schooners in Peril at Norfolk.

BULLETIN.

SANTA BARBARA, Cal., Feb. 20.—The Steamer Eureka from Ventura to San Francisco sent out distress signals tonight off Morro Bay and the Steamer Santa Clara has gone to her assistance. This was reported here tonight by the station agent at San Luis Obispo. The message said that both were being buffeted badly by the heavy seas.

QUEENSTOWN, Feb. 20.—A vessel believed to be the Norwegian bark Mexico bound from Laguna, Mexico for Falmouth, was driven ashore on the rocks of one of the Sallee Islands off the coast of Wexford, during a gale tonight. Two life boats, one from Fethard and one from Kilmore went to the rescue. One of the life boats reached the vessel but was stove in. The crew however managed to scramble aboard the bark though several of the men were badly injured. The other life boat was driven out to sea and is missing.

Two members of the crew of the bark reached shore with the aid of a boat and were taken to a hospital. They are in a precarious condition. The bark lies in a dangerous position and is expected to break up. Her crew and the life boat crew are still on board.

Boats Felt for Kineo.
Norfolk, Va., Feb. 20.—Grave fears were felt here tonight for the safety of the five masted Schooner Kineo, and her crew of eleven men supposed to be somewhere off the Atlantic coast battling with a raging gale in a blinding snow storm. No word has come from the schooner since she was sighted by the Steamer City of Atlanta Wednesday when she was making eleven inches of water an hour.

Unidentified Steamer Ashore.
Norfolk, Va., Feb. 20.—News of an unidentified steamer ashore half a mile north of the Little Island life saving station was received here by a wireless tonight. Life-savers were unable to identify the vessel.

The vessel struck during a severe northeast gale, accompanied by a snow storm. She was discovered by life-savers about eight o'clock tonight. Only her signals of distress were visible.

HAITI GOVERNMENT FORCES DRIVE REBELS BACK INTO CITY

Rebel Army Falls Back Inside City of Cape Haitien—U. S. Marines Landed.

Cape Haitien, Haiti, Feb. 20.—The rebel army was routed today after several encounters with the government forces and fell back inside the city of Cape Haitien. The leaders of the revolt are preparing to flee to Ouanaminthe, thirty miles to the east.

Panic prevails here and an American warship has landed machines. The consulates are giving asylum to refugees.

The city authorities have given \$4,000 to supply rations to the revolutionary soldiers in order to keep them from committing acts of brigandage.

In the fighting the left wing of the rebels was first forced back upon Cape Haitien the right wing fortifying itself three miles outside the city. After several encounters the right wing also was routed.

NEW COMMISSION WILL HOLD SEVERAL INFORMAL CONFERENCES

Commission Will Meet in Chicago Next Tuesday for Informal Hearings.

Springfield, Ill., Feb. 20.—Conferees of an informal nature with the various interests which come under the jurisdiction of the public utilities act will be held with the new commission during the next few months. Next Tuesday the commission will meet in Chicago with the Chicago board of trade, the Illinois Grain Dealers' association and the Farmers' Gain Dealers' association on a proposed change in the rates on grain shipments.

On March 19th, a conference will be held here between the committee and members of the Illinois Independent Telephone association.

March 5th, there will be an informal conference with grain men on country elevator matters.

ATTORNEYS PRESENT REASONS FOR GRANTING THAW PETITION

CONCORD, N. H., Feb. 20.—Reasons for granting the petition of Harry Kendall Thaw for a writ of habeas corpus to prevent his extradition to New York state as a fugitive from justice were presented to Federal Judge Edgar Aldrich today. Arguments against the petition will be given tomorrow by William T. Jerome, representing New York. Regarding the other question of admitting Thaw to bail, Judge Aldrich without making a formal ruling intimated that he might leave it to the federal supreme court for decision. The hearing will be resumed tomorrow.

FEDERAL AID FOR IMPROVEMENTS ON THE ILLINOIS RIVER

Garrison Recommends Aid to Carry Out Great-Lakes-to-Gulf Waterway

STATE TO SHARE COST

State of Illinois Must Make Improvements from Lockport to Utica, on the Upper Illinois

PROVIDE EIGHT FOOT CHANNEL

WASHINGTON, Feb. 20.—Federal aid for improvements on the Illinois and Mississippi rivers to carry out the great lakes-to-the-gulf waterway plan was recommended to congress today by Secretary Garrison of the war department. Participation by the central government was urged on condition that the state of Illinois make without cost to the United States and with all federal interests safeguarded that part of the proposed improvements from Lockport to Utica, on the upper Illinois. With this stipulation the federal government proposes to provide a navigable channel, eight feet deep in the Illinois and Mississippi rivers from Utica to St. Louis, Mo. The cost of this project is estimated at \$4,760,000.

What Effect Upon Commerce.
It is recommended that care be taken in advance to determine just what effect the diversion of the lake waters into the waterway will have upon commerce in the great lakes. The state's proposed improvement work contemplates waterpower development at four sites between Lockport and Utica and the construction of five locks 24 feet deep to utilize for power purposes the water flowing through the Chicago drainage canal. It is also proposed the state of Illinois receiving federal aid, shall accept in perpetuity full responsibility for damages caused by changes in lake levels and to riparian owners and that the state shall transfer to the United States the locks and the control of the new waterway so far as needed by navigation. If the state is unable to complete the locks or bridges the board says, the United States may properly undertake to complete those parts of the project. The secretary's recommendation was submitted in the form of a report, compiled from a report of a special board of engineers who investigated the feasibility of the project. The report says the waterway from Lockport to the mouth of the Illinois is favorable as far as bottom width of 160 feet in canal and 200 feet in the open river above the mouth is sufficient for a channel eight or nine feet in depth. For safety and ease in navigation, it adds, the channel should be excavated to eleven feet in rock cuts and canals the locks 11 feet deep, eighty feet wide and six hundred feet long. A waterway of these dimensions would have a freight capacity exceeding one hundred million tons a year. The special board points out that construction of dams at or near Jefferson Barracks and Commerce, Missouri, is not necessary for the execution of the projects for the Illinois and Mississippi rivers. This work, it says, would be enormously expensive and not justified by resulting benefits to commerce and navigation.

Treaty Amendments Defeated.

By defeating amendments to general arbitration treaties pending renewal with Great Britain, Japan and six other nations, the senate today took the first decisive step in the policy of the administration to lift the United States from what officials have characterized as its "isolated position" in foreign relations.

Representative Knowland, Republican of California, made a woman suffrage speech in the house today bristling with satirical references to President Wilson and the Democratic party. He warned the Democrats they might as well capitulate now, as equal suffrage was inevitable.

Does Not Squander Money.

The American farmer is not squandering his money on frills and furbelows, John T. Coulter told the joint congressional rural credits committee today.

"The farmers of this country need a rural credit system," said Dr. Coulter. "They will not run to extravagance if money is made cheap for them. The American farmers borrow money according to my investigation for good and useful purposes."

Indian Appropriation Bill.

The annual Indian appropriation bill carrying \$9,619,737, a reduction of \$2,165,127 from the bureau estimates, passed the house today. Representative Harrison of Missouri succeeded in having eliminated a provision for a per capita payment of \$100 to the enrolled members of the Choctaw and Chickasaw Indians of the five civilized tribes entitled to share in the tribal funds held in the treasury department for them.

MAY INVESTIGATE CALUMET DISASTER

COUNSEL FOR MINERS DEMAND INVESTIGATION OF 'XMAS TRAGEDY'

Congressional Committee Holding Hearings at Hancock Take Matter Under Advisement—Habeas Corpus Proceedings Instituted on Behalf of "Mother" Jones.

Hancock, Mich., Feb. 20.—Demands of O. N. Hillton, counsel for the Western Federation of Miners, that the congressional committee investigate the Calumet disaster of last Christmas, were renewed today at the hearing and it is probable that a thorough inquiry will be made.

The committee took the matter under advisement after Hillton had drawn reports that he had withdrawn his requests for an investigation because of his inability to establish his charges.

Counsel for the strikers endeavored today to prove that peonage was practiced by the mining companies. The mine owners on cross-examination of witnesses tried to show that the guards maintained at the mines were for the purpose of protecting the workers from the strikers.

Witnesses testified that they had been brought here to work in the mines and that after their arrival they were kept under guard in bunk houses.

Reached No Settlement.
Philadelphia, Feb. 20.—The operators and miners of the central bituminous coal fields held two sessions today in an effort to arrange a new agreement to take effect April 1st, but when adjournment was taken until tomorrow no settlement had been reached. General conditions of mining in the states of Illinois, Indiana, Ohio, West Virginia and Western Pennsylvania were discussed.

A sub-committee of the operators and miners, which is considering the demands of the workers for increased pay and other concessions, announced that while no agreement had been reached on any of the demands "progress was being made."

If an agreement is not reached in this city a recess will be taken, it was said, and the matter again taken up in a city near the coal fields.

On Behalf of "Mother" Jones.
Trinidad, Colo., Feb. 20.—Habeas corpus proceedings were instituted today in the district court on behalf of "Mother" Mary Jones, now held by the military authorities incommunicado and without charge at the San Rafael prison in this city.

The motion was instituted by counsel of the United Mine Workers of America.

POLICE CLAIM PETRAS KNEW OF CRIME BEFORE BEING ACCUSED

Officers Overhear Conversation When They Go To Arrest Aurora Man at His Home.

Aurora, Ill., Feb. 20.—Police testimony which will be used in an effort to substantiate the charge that Anthony Petras killed his former sweetheart, Theresa Hollander, was revealed today by Fred Grass, night captain of police who arrested Petras.

Grass with a policeman took Petras from his home within an hour after the body of Miss Hollander was found in St. Nicolas cemetery.

"What's the matter Tony?" Grass said he overheard Mrs. Petras ask her husband.

"I suppose its about Theresa down there," Petras replied, according to Grass.

"What's the matter? Has she been shot or killed or something?" was the wife's next question according to the police captain. This conversation today was taken to mean that both Petras and his wife knew of Miss Hollander's death, although Grass said he had not told Petras why he was being arrested.

Plans were made to take Petras to the scene of the murder over the route which the police believe Miss Hollander took.

RECEIVE ANONYMOUS LETTER.

An anonymous letter bearing on the murder was received today by the chief of police, it read: "To the Chief of Police and the State's Attorney.

"The young man you have arrested is innocent. The girl slapped me and I struck her. Then I ran away. I would give you my name but I am leaving for the west in a hurry."

The letter to which little attention was paid was mailed from Rockford, Ill., last night.

MEXICANS. LOCK THEMSELVES IN ROOM AND SHOOT EACH OTHER

LOS ANGELES, Cal., Feb. 20.—In love with the same women, two Mexicans locked themselves in a room and shot each other with the same revolver after tossing a coin for first shot. Luis Villa lost the toss and standing opposite Pablo Orozco gave him the word to shoot. Villa fell with a bullet through the lungs, but arose and taking the weapon waited for Orozco to prepare to be shot at and give the signal to fire. Orozco gave the word and received a bullet in the head. Both probably will die.

CENTENARIAN DIES.

Ottawa, Ills., Feb. 20.—Mrs. Helen Corbett of Ransom, LaSalle county died today aged 100 years and seven months.

ATTEMPTED TRAIN ROBBERY RESULTS IN THREE DEATHS

Three Passengers on Great Northern Train Killed as They Resist One Robber

MEN ENTER DAY COACH

Passengers Grapple with Robber as He Attempts to Rob Day Coach—Many Women Faint

LITTLE HOPE OF CAPTURE

BELLINGHAM, Wash., Feb. 20.—When three passengers on the Great Northern passenger train bound for Vancouver, B. C., undertook to resist one of the trio of robbers who entered the day coach nine miles south of here tonight, the robber drew an automatic pistol and shot the men dead in their tracks.

Thomas B. Wadsworth, a Canadian Pacific conductor of Vancouver, B. C.; R. L. Lee of Bremerton, Wash., and H. R. Adterson, a traveling salesman of Vancouver, B. C., are the victims.

It is believed the three bandits boarded the train at Burlington, a few miles south of the scene of the holdup. They were seen to leave the smoking car and enter the vestibule between it and the day coach where they tied white handkerchiefs about their faces.

One of the men then entered the day coach and walked to the rear door, a second one stepped just inside the coach while the third remained in the vestibule.

Grapple with Robber.
As the man reached the rear door and started to lock it the three passengers who were killed leaped from their seats and grappled with him. At that minute the robber, who was at the forward end of the coach began shooting into the ceiling of the car and put out the lights. The robbers grappling with the three passengers fired probably ten shots. Lee was the first man to fall. The next two shots killed Wadsworth and Adterson. Lee was trying to crawl behind the rear seat when the bandit turned his gun on him and fired five or six shots into his back. None of the shots fired by the other bandit took effect. Half a dozen women faint.

The robber who killed the passengers turned and started back to the front of the coach. As he passed along several women passengers held their purses in the aisles. He gathered up a handful of them and the train.

The three bandits left the train together as it came to a stop from a signal given by the conductor. Poses were hurriedly formed here and a special train was hurried to the scene but on account of the wilderness of the surrounding country and the opportunity offered of getting away by a boat to the San Juan Islands, little hope is held out for their speedy capture.

Capture Expected.

Birmingham, Ala., Feb. 20.—Capture of the three men who held up the fast passenger train on the Queen & Crescent last night and rifled the mail car of sums estimated at \$100,000, is expected before morning.

The robbers are believed to have come to Birmingham in an automobile following the holdup. It is believed the men are members of a gang which has made Birmingham its headquarters for the past two years and has committed many robberies in the south during that time. Rewards of \$1,000 each for the capture of the robbers have been offered by the postal authorities.

HUMANE JUDGE DISCOVERED

IN CHICAGO POLICE COURT

CHICAGO, Feb. 20.—Two men who stole a loaf each from bakers' wagons were freed and each given fifty cents by Judge F. R. Robinson in the police court today.

"It's a wonder or you men wouldn't steal a railroad or something worth while," said the judge. "Go get a square meal apiece and then look for work."

SPAULDING WINS FROM JACKSONVILLE

PEORIA TEAM VICTOR OVER LOCALS, 55 TO 28.

Institute Quintet Plays J. H. S. O. Their Feet in the First Half But Honors Divided in the Second Half—Return Game to be Played Here.

Jacksonville high school basketball team lost to Spaulding Institute in Peoria last night by a score of 55 to 28. Spaulding ran away with the game in the first half and piled up 35 points against Jacksonville's 19. In the second half of the contest Jacksonville came back strong, holding the fast Peoria team to a 18 to 20 score. The Spaulding floor is in a fight with small posts in the center of the floor, which greatly handicapped the local men. Spaulding has a record which is not often held by a team. They have lost only three games on their own floor in seven years. The Spaulding team has for center a player who stands 6 feet, 2 inches, and he made 28 points for his school. E. Pyatt, J. Pyatt and Smith did good work for Jacksonville and Boxell showed much skill in foul shooting, getting 8 and winning 14 of the points won for his team. Spaulding is to play a return game here.

MANY CONVERTS AT FRANKLIN REVIVAL.

Reception Held in Honor of New Members.

The revival meeting held in the Christian church in Franklin has come to a close and there were twenty-seven conversions. The pastor of the church, Rev. J. E. Teaney, was his own evangelist and the results of the meeting were far-reaching. A social was held in honor of the new members in the Daniel's hall, which proved a most enjoyable and happy occasion.

Among the new converts were the following: Harvey E. Duncan, Orien Wright, Blanche G. Harney, Porter Armstrong, Mildred Tribble, Aileen G. Austin, Howard Teaney, Russell Wynn, Mrs. Ina Bell Dodson, Hallie Armstrong, Lester Tannahill, Helen Woods, Edgar Beerup, William R. Dalton, Grace H. Tribble, Dorothy Tranbarger, Leafy Woods, Inez Tannahill, Blanche Hocking, Helen M. Dodson, Lucine Dodson, Leslie Tranbarger, Allyn Sweet, Ira S. Dodson, Justis W. Luttrell and Anna Hembrough.

It is worth dollars to all who are in want of seeds of any sort. It is FREE to all our readers. Write for it today. The address is Rakekin Seed House, Shenandoah, Ia., box 1314.—Adv.

STATE BANKS AUTHORIZED.

Springfield, Ill., Feb. 20.—In response to an inquiry from Secretary of the Treasury McAdoo, Attorney General P. J. Lucey today wrote Secretary McAdoo stating that state banks in Illinois in his opinion are authorized to subscribe for stock of the federal reserve bank and are fully authorized to take advantage of the new currency act on the same footing as national banks.

SPRINGFIELD FLORIST DIES.

Arthur C. Canfield, aged 49 years, a well known florist of Springfield, died at 12:50 o'clock Friday after a week's illness with heart trouble. He conducted a greenhouse at 316 Capitol avenue for many years.

GIVEN RANK OF ESQUIRE.

Jacksonville lodge No. 152 K. of P., conferred the rank of esquire on the following candidates last night—Carl West, George A. Wise, man, Lloyd Reynolds and Wallace Carter.

SOCIAL EVENTS.

Dr. and Mrs. William H. Weirich entertained a company of friends Wednesday evening at their beautiful home on South Main street. Elegant refreshments were served and a delightful time was enjoyed. The guest list included: Mr. and Mrs. Z. W. Graff, Mr. and Mrs. Grant Graff, Mr. and Mrs. George Luke, Mr. and Mrs. Clarence Luke, Mr. and Mrs. Paul Thompson, Dr. and Mrs. J. A. Day, Mr. and Mrs. Alden Brown, Mr. and Mrs. W. W. Gillham and Mr. and Mrs. Charles Bennett.

Miss Evalie Petefish entertained the members of the Clio Circle of the Litterberry Christian church Friday afternoon at her home in Litterberry. Twenty-five members and guests were present and in the absence of the president, Miss Mae Myers, the vice-president, acted as chairman of the meeting. After the business session a delightful time was spent socially and music was furnished by Mrs. Durrell Crum and Miss Edith Hitchens. Delicious refreshments were served.

The King's Daughters class of Central Christian church, taught by Mrs. James R. Watt, met Thursday evening at the home of Miss Florence Dresser, 1003 South Clay avenue, for reorganization and the election of officers. After the business session the young ladies of the class enjoyed a social hour and partook of the delicate refreshments served by the hostess. The officers elected were: President, Miss Florence Dresser; vice president, Mrs. Mary Roberts; secretary and treasurer, Miss Jeanette Foreman.

Thursday night the Alexander Whist Club enjoyed a fine and merry ride to the home of Mr. and Mrs. J. W. Fouché where a delightful evening was spent. Music, dancing and various pastimes occupied the hours till after midnight, when all said good night. Nice refreshments added to the pleasure of the evening and there seemed to be nothing lacking to make the occasion all that could be desired.

WILLIAM C. ELLIS FACES DEATH PENALTY FOR WIFE MURDER

CHICAGO, Feb. 20.—The death penalty for the killing of his wife in a hotel here last October is facing William Cheney Ellis, former Cincinnati leather merchant, whose trial began today. Stephen Malato, assistant state's attorney who has charge of the prosecution, demanded of every juror that he announce his willingness to inflict the extreme penalty if the evidence called for it. Ellis pleaded not guilty when called to the bar and his counsel compelled prospective jurors to express a willingness to give credit to evidence of "transitory, chimerical or emotional insanity."

HELD PUBLIC SALE.

William Masters Disposes of Personal Property.

William Masters held a public sale on the old Duer farm, near Pisgah, Friday, which was largely attended and the bidding was spirited. The sale totaled over \$7,000. There were 38 horses sold and 35 cows. J. W. Arnold purchased one pair of mules at \$450, one pair at \$395, one pair at \$360, one odd mule at \$180; one pair mules, \$380; to Hazel Means; one pair mules, \$330, to Edward Barrows; one pair, \$325, to Albert Curry. Horses brought from \$40 to \$150; cows, \$39 to \$62.50; seed corn, \$1.50 to \$1.75. Implements brought good prices.

GIVE BANQUET FOR COL. HUNT.

Members of the orchestra and stage employees of the Grand Opera House tendered Col. H. L. Hunt, the retiring manager of the theater, and his family a farewell banquet at the Batz Cafe Friday night after the performance. One long table was arranged in the annex to the cafe and was prettily decorated with cut flowers and ferns. An excellent menu was served, after which Viggo Jensen, Lloyd Reed and Harold Johnson spoke of their pleasant relations with Col. Hunt during his management of the theater and of their regret that he is leaving. In a few well chosen words Col. Hunt expressed his pleasure and appreciation of the recognition.

GRANTS TEMPORARY INJUNCTION.

Springfield, Ill., Feb. 20.—Judge Creighton, in the Sangamon county circuit court today granted a temporary injunction restraining state Superintendent of Insurance R. M. Potts from examining the affairs of the Royal Benefit Society with headquarters at Washington, D. C. It is alleged that Supt. Potts delegated an examiner to inquire into the Springfield office of the society.

THE ARNOLD SALE.

The big Arnold sale will occur under a tent at the new barn just erected at Arnold station Wednesday Feb. 25th. Siny head of horses and mules, drivers and work animals, cows, heifers, sows to farrow soon, timothy and clover seed will be sold.

PUBLIC SALE.

Tuesday, Feb. 24th, at ten a. m., W. H. Galloway will sell at his farm two miles east of Murrayville sixteen horses and mules, 42 cattle including 17 calves, 82 head of hogs, a lot of timothy, clover and alfalfa hay, wheat straw and sheaf oats, wagons and a lot of implements.

PREPARING FOR LENTEN OBSERVANCES AT TRINITY

Rector Neely Has Sent Letter and Programs to Members of His Parish—Points to Ways of Self Denial and Charity.

The Lenten folders with program of special services and the rector's letter have been sent out to the parishioners. Lent is a season of withdrawal, as far as may be, from the usual routine of life to devote more time, energy and thought to the things of the soul.

From the letter quotations are made herewith:

"It is obvious that a complete withdrawal from earthly interests for the cultivation of the spiritual is impossible, but the church has long ago decided that the spirit of withdrawal was shown when we restrained from all outward amusements and social gatherings and society functions. Here again the spirit of charity is shown, for there are some social gatherings that are necessities, for example, with those with whom it is a matter of daily business. Some also there are whose whole life is a perpetual Lent, so few are the bright spots and so tremendous is the daily self-denial. An extra effort for such might easily take the form of cruelty. But for ordinary folks the withdrawal for a brief season from social enjoyment is wholesome and produces and maintains a spirit and atmosphere of repentance. It also tends to quicken our sympathies for those whose lot is almost unbearably hard.

"Withdrawal is accompanied by the more active practice of the three great duties laid down in the sermon on the mount, prayer, fasting and almsgiving. The duty of increased prayer is emphasized by the provision of multiplied services of all sorts held every day. They are all of a penitential character intended to sober the soul for its absorbing pursuit of holiness. Fasting is intended to discipline the body and to make it more responsive to the call of the Spirit. There are two days of complete fasting, and Wednesday and Good Friday. All adults in good health whose work is not physically unusually laborious are expected to do without a meal. Other days are days of abstinence in which a real difference ought to be made both in quantity and kind of food eaten. The observance should be stricter on Wednesdays and Fridays during Holy Week and on Ember Days in the first week of Lent than on ordinary days of the season.

"Almsgiving is a most important feature of the season and an active effort ought to be made through saving of expense in self-denial to give liberally to the needy. There are many such always. There are a good many in Jacksonville. It is to be hoped that Christian people of every name will give most generous support to the almoners of mercy in our midst—the ministers of religion, the officers of fraternal societies who assist and the board of charities. These bear a heavy burden. Give relief. "Is not this the fast that I have chosen to undo the heavy burden, to deal thy bread to the hungry, and that thou hide not thyself from thine own flesh?" So said the prophet. Isaiah of old and his words are just as true now."

FRIDAY IS "PEACE DAY" FOR SUPREME COUNCIL K. OF P.

WASHINGTON, Feb. 20.—This was "peace day" for the supreme council, Knights of Pythias, in annual convention here and celebrating the orders "Golden Jubilee." Thomas J. Carling of Macon, Ga., supreme chancellor, pledged the support of \$90,000 "brothers" and 65,000 "sisters" to Secretary Bryan's peace policy.

President Wilson tonight shook hands with 1,700 visiting Knights at an informal reception at the white house. The convention will adjourn tomorrow.

SEEKS U. S. DISTRICT JUDGESHIP.

According to the Pike County Democrat, Luther C. Hess, who graduated from Illinois College in 1891, and who is well known in Jacksonville, is seeking the post of United States district judge in Alaska. The Democrat recently said:

Luther C. Hess, brother of J. D. Hess, who went to Alaska a number of years ago, is a candidate for appointment to the position of judge of the U. S. district court, territory of Alaska, fourth judicial division. Mr. Hess at present is vice president of the First National bank of Fairbanks, Alaska. He served four years as assistant United States district attorney for the 3d judicial division of Alaska at the close of which time he resigned and engaged in private practice of law and banking. For the past three or four years, however, he has been engaged the principal part of his time in mining. Mr. Hess is in every way capable of filling the high position to which he aspires and his many friends back here in his old home hope he will be successful in receiving the appointment.

BLEVINS PLEADS GUILTY.

Pontiac, Ill., Feb. 20.—Charles Blevins of Fairbury pleaded guilty to a charge of firing the Illinois Hotel at Fairbury on the night of November 29th. He was immediately sentenced to the penitentiary for an indefinite term, the duration of which will be fixed by the pardon board.

GIVEN YEAR SENTENCE.

Frankfort-on-the-Maine, Germany Feb. 20.—Rosa Luxemburg of Berlin, one of the leaders of the Ultra Radical wing of the German Socialists, was sentenced here today to a year's imprisonment. She was convicted of inciting to disobedience of the laws. The charge was based on two inflammatory speeches.

TRINITY CHURCH BUILDING

TODAY AND YESTERDAY

Mr. Ensley Moore Describes Edifice as He Remembers it in 1856—Fronted at That Time on Morgan Street.

Editor Journal:

I have been asked to give my understanding of the way Trinity church was first faced.

The following statement will show how the building was, when I first knew it, in 1856-7, and how it was fronted on Morgan street at first, and afterward changed so the entrance was, as now, on State street.

One of the best and most progressive early citizens of Jacksonville was Dennis Rockwell. At the time the Episcopal church was to be built Mr. Rockwell lived on West Morgan street, and, like the rest of us, wanted to make the most of his street. So, when he gave the lot—about 1834—on which Trinity church was to be built, he specified that the edifice should face south, to Morgan street. This was done, and the building was consecrated on Jan. 9, 1836, by Missionary Bishop Jackson Kemper, D. D., of the states of Indiana and Illinois, in the absence of Bishop Philander Chase, D. D., of the diocese of Illinois.

The building was of brick, with a basement, and it was about 30 by fifty feet on the ground. The main story was of good height, and surrounded at the south end, with a square, box-like, of wood. There was an organ in this church at an early day, I think I have heard it spoken of as one of the first—if not the first—in any Protestant church in Illinois. It also had a bell. Rev. John Batchelder was rector when the new house of worship was erected.

Mr. Rockwell went to Chicago to live, about 1854, and came back here in about the year 1867, dying soon after. He was the first Circuit clerk and recorder of Morgan county, and the first postmaster of Jacksonville. He was a native of the state of Vermont, but came to this place from Edwardsville, this state. He built, about 1836, a handsome frame, story and a half house, with dormer windows, now a part of the residence of Mrs. Lillie Rockwell Frost, on West State street, just north of Diamond Court.

In 1867, it was decided to improve and enlarge Trinity church. Rev. T. N. Morrison, D. D., father of the present Bishop of Iowa, was the name sake, being the rector. And they were two of the best people Jacksonville ever had. It was desired to change the frontage of the building, and Mr. Rockwell gave permission to have it done, so the church was made to front north, on West State street, and was very much improved, as can be seen at this time.

The corner stone of the original building was laid June 7, 1834, by Bishop Smith of Kentucky, "the best man in a visit to Illinois." Jeremiah Barker and Dr. Bazzels, Gillett were the wardens, and Jos. Coddington, Ebenezer T. Miller, Dr. Samuel M. Prosser, Dennis Rockwell, Ignatius R. Simms, Richard W. Dummer, Aylet H. Buckner and Austin Brockebrough were the vestry.

This is part of the story of the early days of Trinity church.

OPERA HOUSE BUILDING

PASSES TO NEW OWNERS.

The deed whereby Messrs. Fletcher Hopper and Harry Hofmann of this city and Herbert Sutton of Springfield became the owners of the Grand Opera house building was placed on record yesterday. The new owners purchased the building as an investment and although they have already been offered a substantial advance on the price they paid for the property it is not their present intention to sell. Several documents were filed before the deed to the present owners. W. B. Rount transferred the property to Michael Dore and he gave a deed to the Parish Investment company who sold to the present owners.

CAVALRYMEN IN EL PASO HAVE BRUSH WITH SCORE OF MEXICANS

Fifteen or Twenty Shots Are Exchanged, One Mexican Wounded and Two Captured.

El Paso, Feb. 20.—A squad of soldiers of Troop M., 13th cavalry had a brush with a score or more of Mexicans tonight during which fifteen or twenty shots were fired, one Mexican wounded and two taken prisoners. Captain Harry M. Coates of Troop M., had received word that filibusters might attempt to rush the barracks where his detachment is housed on the outskirts of the city in order to obtain arms and ammunition and was on the watch.

Corporal Jensen first noticed the Mexicans in an alley. He called upon them to give an account of themselves and was greeted with a shot. He replied with a bullet into the crowd and was quickly reinforced by some of his comrades who also shot at the Mexicans. The latter returned a few shots and disappeared in the darkness. The troopers pursued but all but two escaped. The wounded man escaped but hobbled to a hospital to have the bullet taken from his leg.

MRS. BOND FILES MOTION FOR RE-TRIAL OF \$50,000 DAMAGE SUIT

OKLAHOMA CITY, Feb. 20.—Motion for a retrial of the \$50,000 damage suit instituted by Mrs. Minnie E. Bond of Oklahoma City against United States Senator T. P. Gore, in which a verdict for the defendant was returned here Wednesday, was filed in behalf of Mrs. Bond today.

Date for a hearing has not been set. In her suit Mrs. Bond charged that the senator attacked her in a Washington hotel last March.

Alleged misconduct of the jury, misdirection of the court and the refusal of Judge George W. Clark to permit questions concerning the past life of Senator Gore are among the eleven grounds set up in the motion.

COLONEL OWENBY ACCUSES SANTA FE RAILROAD OF DISCRIMINATION

TRINIDAD, Colo., Feb. 20.—Charges of discrimination by the Atchinson, Topeka & Santa Fe railroad with the intention of putting the Wootton Land Fuel company's mine out of business were made today by Colonel J. A. Owenby, in his testimony before the federal strike investigation committee and in a signed statement which he submitted to the congressmen.

Colonel Owenby also declared he believed a combination of receivers had been formed to cease buying coal from his mine. As the result of the allegation the mines have been closed since Jan. 3, 1914.

CONFERENCE BEGINS TODAY.

Washington, Feb. 20.—Conference between the senate and house on the Alaskan railroad bill will begin tomorrow with virtually one point in dispute—the house amendment to require that the entire line to be built by the government for the development of the northwestern territory shall be standard gauge.

The conference of both houses are confident of reaching an agreement quickly and their report may be ready before tomorrow night.

ARCHITECTS TO COMPETE.

Washington, Feb. 20.—Ten architects one each in San Francisco, Philadelphia, Baltimore, Boston, St. Louis, Chicago and Washington and three in New York have been invited by the George Washington memorial association to compete in drawing plans for the George Washington Memorial Building to be built here.

FLOUR FOR PARIS.

GOLD IN UNITED STATES.

Washington, Feb. 20.—There was \$11,866,619,157 in gold coin and bullion in the United States at the close of the last fiscal year, a report today by George E. Roberts, director of the mint says. Or this amount about \$1,250,000,000 was in possession of the government and the rest in banks.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need to have a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberant spirit, that natural buoyancy, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. For sale by all druggists.—Adv.

SUGGESTS WAYS TO PREVENT CHOLERA AMONG HOGS

Advice Is Given In Letter Issued by Assistant Secretary of the Department of Agriculture.

B. F. Galloway, assistant secretary of the department of agriculture in response to an inquiry has recently made the following statement with reference to the treatment of hog cholera. There are a number of suggestions well worth the attention of farmers and stockmen.

"Your request of recent date that the department supply you with specific advice as to the best ways of coping with hog cholera, which you state is a serious menace to swine in your district, I regard as a very important one. According to the last census hogs were an important feature of the agricultural production of your section. In 1910 in your district there were 335,158 swine, valued at \$2,381,956. It is apparent, therefore, that unless hog cholera can be controlled a serious loss must be endured by your agricultural population.

"The proverb that 'an ounce of prevention is worth a pound of cure' is especially applicable to hog cholera, and co-operation among farmers in combating the disease is very important. When hog cholera breaks out on a farm the farmers in the neighborhood should join in a strong effort to confine the disease to the one farm where it already exists, by instituting a strict quarantine and also, when possible, by the administration of the protective serum to the droves on adjoining farms. It is a mistake to neglect timely sanitary precautions and to rely wholly on the use of serum. The serum is useful not so much for curing hogs sick with disease as for preventing other hogs from taking it.

"Every farmer should make absolutely certain that no dirt or implement is brought from an infected hog lot into another hog lot. Hog cholera can be carried in dirt on shoes, on wagon wheels, or on the feet of dogs. It has been proven that a pen of hogs infected with hog cholera can be kept within ten feet of a well heard without communicating the disease, provided no dirt or implement or other object is moved from the former to the latter pen. If however, the pen with the uninfected hogs should be cleaned with a hoe or shovel that has been used in the infected pen, the well herd would be almost certain to get the disease. Dogs, crows, and buzzards can transport particles of flesh from dead hogs and thus carry the disease.

"The following precautions are recommended for keeping the contagion from an uninfected drove:

"(1) Do not locate hog lots near a public highway, a railroad, or a stream. The germ of hog cholera may be circulated along any one of these avenues.

"(2) Do not allow strangers or neighbors to enter your hog lots and do not go into your neighbors' lots. If it is absolutely necessary to pass from one lot into another, first clean your shoes carefully and then wash them with a 3 per cent solution of the compound solution of cresol (U. S. P.)

"(3) Do not put new stock, either hogs or cattle, in lots with a herd already on the farm. Newly purchased hogs should be put in separate enclosures well separated from the herd on the farm and kept under observation for three weeks, because practically all stock cars, unloading chutes, and pens are infected with hog cholera, and hogs shipped by rail are therefore apt to contract hog cholera.

"(4) Hogs sent to fairs should be quarantined for at least three weeks after they return to the farm.

"(5) If hog cholera breaks out on a farm separate the sick from the apparently healthy animals and burn all carcasses of dead animals on the day of death. Do not leave them unburned, for this will endanger all other farmers in the neighborhood.

"(6) If after the observance of all possible precautions hog cholera appears on your farm, notify the state veterinarian, or state agricultural college, and secure serum for the treatment of those not affected. The early application of this serum is essential.

"Some of these precautions may seem unnecessary and troublesome, but they do not cost much, and they are very valuable measures.

"It would be physically and financially impossible to treat every hog in the United States with the anti-hog-cholera serum. In many states the authorities can not supply enough serum to treat the infected and exposed herds, to say nothing of making immune all herds that are not affected. When an outbreak is located the most effective plan is to administer serum to the droves on all the farms immediately around the seat of the outbreak so as to prevent the wider spread of the disease. Where the state can supply the serum (for the department of agriculture does not distribute it direct to farmers), this treatment is an effective preventive measure. Where serum is not available the simple precautions above given will in many cases prevent the spread of the contagion. These precautionary measures should be used even where serum can be obtained because it is far better to keep hog cholera out of the drove than to rely on the use of the serum after the disease has appeared."

NATIONAL AMATEUR BASEBALL
ASSOCIATION IS ORGANIZEDRepresentatives of Fourteen Leagues
Form Association With Mem-
bership of 200 Clubs—Other Sporting
News.

Chicago, Feb. 20.—The National Amateur Baseball association was organized here today by representatives of fourteen leagues in various cities with a membership of 200 clubs. The organization will bring city leagues under one governing body similar to that in professional baseball.

Two more cities will be admitted soon and the association will be divided into four sections of four cities each section to be governed by a vice-president to be chosen by the cities in that section.

The winners in each league will play for the sectional championship and the surviving teams will play for leadership of the association. The following cities hold charter memberships in the association: Omaha, Minneapolis, Cleveland, Philadelphia, Buffalo, Kansas City, St. Louis, Columbus, Washington, Joliet, St. Paul, Louisville, Baltimore and Chicago.

Fail to Get Stahl.

Chicago, Feb. 20.—The Brooklyn club of the Federal League has failed in its effort to get Jake Stahl, the former Red Sox leader as manager. President Robert B. Ward left Chicago tonight for Brooklyn after a final telephone conversation with Stahl, in which neither Ward nor the manager made concessions which would remove the differences in the terms proposed. It is said Stahl's terms are still being considered by the Brooklyn owner and that a deal may yet be arranged between them.

Confers With Feds at Baltimore.

Baltimore, Md., Feb. 20.—Pitcher George Suggs, for several years a member of the Cincinnati Nationals, who was sold to the St. Louis Cardinals recently, conferred with the local Federal League management today. Afterwards it was strongly reported that Suggs had signed with the Baltimore club but neither the player himself nor the club officials would confirm the report and all preserved the greatest reticence regarding the matter.

Down to Semi-finals.

Boston, Feb. 20.—Play today in the National Racquet championship at the Tennis and Racquet Club brought the tournament down to semi-finals with H. F. McCormick, Chicago; Dwight F. Davis, St. Louis; Lawrence Waterbury, New York and C. G. Osborne, Chicago as survivors. The best match of the day was that between Scott and Osborne, the latter winning out through his brilliant service and better condition.

Success Half Assured.

Washington, Feb. 20.—Successes for the proposed Trans-Atlantic airplane flight is fifty per cent assured, according to Glenn H. Curtiss who is here seeking scientific information on the air currents. Government scientists believe these forces of nature can be used by aviators competing in the race proposed by Rodman Wanamaker to great advantage.

Mr. Curtiss said tonight that the plans for the big machine to fly over the ocean are practically settled upon. When completed the craft will weigh three tons and will be three times the size of any air boat yet attempted by American genius.

Murphy Unable to Attend.

Cincinnati, O., Feb. 20.—The news that President Murphy of the Chicago Nationals because of illness would not be able to attend tomorrow's meeting of the National league proved quite an upset to Herrmann. "I don't know just what we can do or what we shall do," he claimed. "Of course it is neither right nor legal to touch on any affairs of Mr. Murphy in his absence and since Governor Tener has not yet arrived the situation is perplexing."

"Still I have great confidence in Tener. I firmly believe he has found a solution of all existing problems without prejudice to anybody and that he will tomorrow present a decision which will be acceptable to all of us, even to Mr. Murphy, should that gentleman be able to attend. If Tener has not yet reached a decision, however, I am unable to say what can be done, whether the meeting would have to be postponed or carried on just the same."

MANN WILL COME IN MARCH.

Walter I. Mann, successful farmer and agriculture expert, had arranged to come to Jacksonville today to be the guest of A. M. Masters and address a company of men on farm and crop management. It so happened, however, that several of the men Mr. Masters wanted present could not be present today and he reached Mr. Mann in Indiana by phone and arranged for another date, March 5th. At that time Mr. Mann will be here for the entire day and may make several addresses.

The loss of 80,000 lives in the eruption of the crater of Sakurashima in Japan in January caused a worldwide sensation. The entire city of Kago-shima, with its 64,000 inhabitants, was wiped out of existence, as also were a score of villages. The photo herewith shows a group of natives watching the flood of smoke and flaming lava pouring from the volcano.

GERMAN MAKES SHARP

ATTACK ON ADMIRAL DEWEY

Statement Made by Admiral in His Autobiography is Cause of Criticism.

Berlin, Feb. 20.—A sharp attack on Admiral Dewey in regard to the statements made in his autobiography concerning the German fleet at Manila during the Spanish-American war in 1898, was made in parliament today by Matthias Erzberger, one of the leaders of the clerical party. The German newspapers recently severely criticized Admiral Dewey's book demanding that the German government issue an authoritative statement regarding the Manila legend.

Admiral Dewey in relating the incident in Manila Bay says it arose through Admiral Von Diederichs' disinclination to observe the rules of the blockade established by the Americans one of which insisted that neutral warships entering the bay should report to the Americans. The German vessel Comoran disobeyed the rule, but a shot fired across her bows had the desired effect.

Explanations followed the next day and there was no further interference with the blockade.

Did Not Discuss Attack.

Washington, Feb. 19.—Admiral Dewey was confined to his home today with a severe cold and did not discuss the attack upon him in the German parliament. His friends said however, that he would take no notice of the matter unless it was brought to his attention in an official way. Navy department officials were silent on the subject.

BIDS ARE ASKED.

The board of education of the city of Jacksonville desires sealed bids for supplying the public schools with two lathes, two saws, one grind stone, for use in the manual training department. Specifications for the same are on file in this office. Bids will be received until 12 o'clock noon Friday Feb. 23rd, the board reserving the right to reject any or all.

AMERICAN GIRLS WEDS

IN PARIS. Paris, Feb. 20.—The American colony in Paris was much interested today in the wedding of Miss Gladys McMillan of Colorado Springs, and Count Paul Cornot, whose home is in Brussels. The bride is reputed to be one of the wealthiest American girls who have wedded men of foreign title in recent years.

The bride is the stepdaughter of Spencer Penrose, a prominent capitalist of Colorado and a brother of Senator Penrose of Pennsylvania. In addition she is a granddaughter of the late Senator McMillan of Michigan, from whose estate she received a large fortune. She was born in Detroit and passed her girlhood in that city. Of late years she has resided much in Paris and London, where she has been the guest of her aunt, Lady Harrington.

RUB BACKACHE AWAY

WITH THIS OLD TIME OIL

Rub Lumbago, Pain, Stiffness right out with a small trial bottle of St. Jacobs Oil.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into your back, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out and ends the misery. It is magical yet absolutely harmless and doesn't burn or discolor the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints!—Adv.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O. (Adv.)

WHAT'S INDIGESTION?

WHO CARES? LISTEN!

Scientific Vessel Carnegie Home From a Notable World Tour.

Photos by American Press Association.

The nonmagnetic vessel Carnegie, which has been making a world tour for scientific purposes and financed by Andrew Carnegie, has returned to New York and is at Erie basin. The expedition accomplished many things of great scientific value and located the magnetic pole. In the illustration is shown the Carnegie and an Eskimo family in Iceland which supplied food for a party from the ship in an emergency. The craft traveled 35,000 miles.

Commissioner Davies of Bureau of Corporations Makes Annual Report

WASHINGTON, Feb. 20.—Does the monopolistic system contain in itself the seeds of its own decay?

That question Commissioner Jos. E. Davies, of the Bureau of Corporations, declared, in his annual report made public today, a federal investigation now under way hopes to answer.

In review of a working program for the bureau Commissioner Davies points out that aside from an economic study of the trust question, retail price maintenance is one of the questions to be taken up. Trusts their efficiency and reforms, however are to comprise the principal work for the coming year. The need of some federal body for the purpose of investigation and publicity in trust affairs, whether it be the bureau of corporations as now organized, or a commission as proposed in the pending administration bill, in Congress, Commissioner Davies emphasized.

In his report he discussed the monopoly question at length, saying in part:

Is Organization Efficient?

"The question is whether the trust form of organization is really efficient. If it be found that smaller competitive units in industry can produce commodities more cheaply, or even as cheaply as monopolistic units, and what they have other and greater advantages than those claimed for the monopolistic or trust system, then the problem is finally settled in favor of the competitive system, and the chief argument for the regulation of monopoly is destroyed. This is a scientific question of fact, and it is the plan of the bureau to investigate this question.

"While from a governmental point of view there are various aspects of the trust question which are of great importance, such as the relation of trusts to popular government and their effect on the social and economic conditions of labor, there are two aspects of it which are particularly within the domain of the bureau, namely, the effect upon the cost of production and distribution and the effect upon the price to the consumer.

"It is contended by some that with the increase in the cost of extraction, manufacture, and distribution, and that such reduction in cost is accompanied by lower prices to the consumer and does not involve a reduction in wages or an impairment of the conditions of labor.

Exact Unduly High Prices

"Even if these claims were true the question would still remain, of course, whether the evil resulting from large combinations would not be greater than the alleged advantages of cheaper production and distribution. It is contended, on the

other hand, that the source and origin of monopoly is found chiefly in the desire to exploit the general public by stock-jobbing schemes for the immediate profit of the promoters, or for the purpose of obtaining control of the market and exacting unduly high prices from the consumer. "Many large combinations have failed and demonstrated their economic inefficiency. Combinations which have obtained control of the market and it is admitted, have prospered, but this is alleged to be due to their monopolistic position, and not to their superior efficiency. According to those who hold this view there is a point beyond which the increase in size of operations does not result in an increase in economy and efficiency, but rather in loss and waste, so that the maximum efficiency is not attained by large combinations, but instead by concerns of moderate size. If this latter contention be true, then, as has been said, the monopolistic system contains in itself the seeds of its own decay.

Claim Merely a Blind?

"Again, some of those who dispute the superior efficiency of large combinations contend that this claim is made merely as a blind for the purpose of selling watered stock. They say that such organizations are established for the purpose either of getting control of the market and exacting excessive prices from consumers, or of issuing large amounts of watered stock for the purpose of selling such stock to the public. In the first case, it is argued such combinations are not concerned with the promotion of greater efficiency but merely with obtaining a monopoly; in the second case they are chiefly concerned with selling the stock, and as they can not claim to the general public that it has a great value due to monopoly, they are obliged to find another selling argument, namely, superior efficiency.

Price Policy Important.

"Of almost equal importance with the determination of this question of comparative efficiency is that of the price policy of such large industrial combinations as have achieved a substantial control of the market. Those who allege that such industrial enterprises result in greater economy and efficiency in production often overlook the equally important question whether or not they at once all the benefits of such economies in increased profits without conceding any share thereof to labor in higher wages, or to consumers in relatively lower prices or improved quality of goods, etc. The determination of the facts in respect to this question also might not be such as to establish broad generalizations or conclusions, but the importance of having the facts is none the less obvious."

THE GIRL OF MY DREAMS.

A musical play of distinction is "The Girl of My Dreams," which will be at Grand Opera House Thursday evening, Feb. 26th. It is seldom that tunefulness and wit are to be found in the quantities that this musical play possesses. The story of the piece concerns a typical boy-hel before the charms of a demure little Quakeress. It affords opportunities for Roy Purviance, a capital legitimate comedian, and Countess Olga von Hatzfeldt, an able associate to keep large audiences maturing their appreciation. Miss

von Hatzfeldt sings several songs delightfully and is a comedienne of prettiness and charm. A chorus which will be noted for its comeliness, modest demeanor and vocal merit is in frequent evidence, while the piece is staged with great lavishness. A company of more than 60 people are said to be incorporated in the presentation of this charming musical play.

WASHINGTON ON PUBLIC EDUCATION.

"Knowledge is in every country the surest basis of public happiness."—Speech to congress, Jan. 8, 1790.

"Promote, then, as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of a government gives force to public opinion, it is essential that public opinion should be enlightened."—Farewell address, Sept. 17, 1796.

"In a country like this, where equal liberty is enjoyed, where every man may reap his own harvest, and where there is so ample field for every mercantile and mechanical exertion, if there can not be money found to answer the common purposes of education, it is evident that there is something amiss in the ruling political power, which requires a steady, regulating, and energetic hand to correct and control it."—Letter from Mount Vernon, April 25, 1788.

"It (education) contributes to the security of a free constitution in various ways. By convincing those who are entrusted with the public administration, that every valuable end of government is best answered by the enlightened confidence of the people, and by teaching the people themselves to know and value their own rights; to discern and provide against invasions of them; to distinguish between oppression and the necessary exercise of lawful authority, between burdens proceeding from a disregard to their convenience and those resulting from the inevitable exigencies of society; to discriminate the spirit of liberty from that of licentiousness, cherishing the first, avoiding the last, and uniting a speedy but temperate vigilance against encroachments with an inviolable respect to law."—Speech to congress, Jan. 8, 1790.

"A plan for the establishment of a university in the federal city has

frequently been the subject of conversation; but in what manner it is proposed to commence this important institution, on how extensive scale, the means by which it is to be effected, how it is to be supported, or what progress is made in it, are matters altogether unknown to me. "I have greatly wished to see a plan adopted by which the arts, sciences, and belles lettres could be taught in their fullest extent; and (which with me is a consideration of great magnitude), by assembling the youth from the different parts of this rising republic, contributing from their intercourse and interchange of information to the removal of prejudices, which might perhaps sometimes arise from local circumstances. The federal city, from its centrality and the advantages which in other respects it must have over any other place in the United States, ought to be preferred as a proper site for such a university."

REGARDING ODD FELLOWS.

The Journal's friend, Geo. W. Sargent with Andre & Andre, handed a reporter yesterday a part of the Journal of Jan. 3, 1899. There was a page devoted to Odd Fellows and contained a long list of names and a number of portraits. There were Dr. M. H. Goodrick, Judge C. A. Barnes, John R. Davis, Philip Lee, Joseph Heintz, J. M. Goodrick and L. Seeberger, all passed away. Others were Rev. H. M. Hamill, Andrew Russell, J. M. Miller, J. J. Reeve, A. C. Baldwin, J. R. Robertson, Matthew Minter and J. T. Osborne. There was also a good picture of the lodge room.

MR. SIEBER PURCHASES HOME.

Mr. and Mrs. G. A. Sieber, who recently sold their residence property on Hardin avenue, have purchased the W. A. Furr home at the corner of Gladstone and Grove streets. L. S. Doane acted as agent for Mr. Furr in the sale of the property. Possession in both instances is to be given April 1st.

NO SESSION OF S. SCHOOL.

OLD TIME COLD CURE—DRINK TEA

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

MOTHER! THE CHILD

IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently goes out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled.—Adv.

NOTICE OF SALE TO PAY DEBTS. ADMINISTRATOR'S SALE.

State of Illinois ss.

Morgan County

In the County Court of Morgan County, February Term, A. D. 1914. In Probate.

In the matter of the estate of Joseph Tritsch, deceased. In the matter of the application of George Engelbach, the administrator of the estate of Joseph Tritsch, deceased vs. Catherine Tritsch, Lee Tritsch, Mary Miller, Joseph Tritsch, Lena Grady, Lucas Tritsch, Katie Patton, Josephine Weber, Rosina Hahling, Herman Weber, and the First National Bank of Arenzville, Illinois. Decree to sell real estate to pay debts.

Public notice is hereby given that, by virtue of a decretal order made and entered of record by said court, in the above entitled cause, on the 2nd day of February, A. D. 1914, the said administrator, at the hour of two o'clock p. m., on Saturday, the 7th day of March, A. D. 1914, at the south door of the court house in the city of Jacksonville, in the County of Morgan and the State of Illinois, offer for sale and sell at public vendue, to the highest and best bidder for cash, to pay the debts of said estate, all or so much thereof as may be necessary to pay the debts now due from said estate and the cost of administration now due and to accrue, the right, title, interest and estate which the said Joseph Tritsch, deceased, had at the time of his death, in and to the following described real estate situated in the County of Morgan and State of Illinois: The North West quarter of the South East quarter of Section Four (4) in Township Sixteen (16) North, and Range Eleven (11) West of the Third Principal Meridian.

The above described property will be sold free and clear of said Catherine Tritsch's life estate or interest therein.

No deed or deeds will be delivered to the purchaser or purchasers until said sale has been reported to and approved by said County Court of Morgan County.

Dated February 5, A. D. 1914. George Engelbach, As administrator of the estate of Joseph Tritsch, deceased. William T. Wilson, Attorney.

ECHOES FROM ALEXANDER

Alexander Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Alexander resident leaves no room for doubt on this point.

John William Aulabaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I had tried. I have been bothered very little with my back since I used Doan's Kidney Pills."

The above is not an isolated case. Mr. Aulabaugh is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Aulabaugh had. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

The Best of All Laxatives. When the proper dose is taken the effect of Chamberlain's Tablets is so natural that you do not realize that it has been produced by a medicine. Mrs. F. J. Braun, Fort Wayne, Ind., writes: "Last fall I used a bottle of Chamberlain's Tablets and have never seen their equal for constipation." Sold by all dealers.—Adv.

IS LAST OBSTRUCTION TO CANAL NAVIGATION.

Engineers With Big Force Opening Way Through Cucaracha Slide.

The task of opening a way through Cucaracha slide, the sole remaining obstacle to the navigation of the Panama canal, has been carried on as "rush work" since the blowing up of the Gamboa dike, according to the Canal Record.

The engineers have been putting forth herculean efforts to clear a navigable channel through this nearly half mile long obstruction, but owing to the peculiar mobility of the vast mass of earth and rock the work of hundreds of shovels and thousands of gallons of jetted water is often undone overnight by a slumping back into place of the material removed or by additional slides from the sides of the channel.

A ton and a half of dynamite was exploded in one blast Oct. 10 without any substantial result so far as increasing the flow of water across the dam was concerned. Since that date three shifts of men, working eight hours each in rotation, have been trying to create a channel by sluicing with hose and hydraulic monitors. Before this attack the material had been yielding slowly, and finally the engineers have utilized a big suction dredge.

Meanwhile the sharp rise in the level of Gatun lake Oct. 21 has increased the size of the ditch so that now 7,000,000 cubic feet of water daily is passing over the slide, and by this time sufficient water has been admitted to fill the two miles of Culabra cut between the slide and the first of the Pacific locks, enabling the big steam dredges to enter the cut and operate on the earth barrier.

TAKES LIVE FISH TO PARIS.

Railway Car Fitted With Tanks Is Showing Good Results.

According to advices from Paris, an expedition in the transport and sale of living fish has been inaugurated by President Nigg of the French Syndicate of Fish Culture. The Fish Trade company, founded by M. Nigg, has rented from a railroad a car used ordinarily to transport merchandise and has turned it into a special vehicle.

There are tank arrangements with constantly fresh running water, and special provision is made for certain sorts of fish needing more oxygen than others.

The car is already showing good results. Its first trip brought 800 kilos of fish from the Dordogne to Paris without any appreciable loss.

The company has also installed large receiving tanks in Paris for the fish and their sale while living.

PLOTTED TO KILL SCORES.

Nicaraguans Ready to Wipe Out President and Deputies.

The frustrated plot to assassinate President Adolfo Diaz of Nicaragua and all his ministers on Oct. 29 was laid by the conspirators with remarkable care, according to details just published in Nicaragua. The plotters, it appears, were members of the Liberal party and had divided themselves into three groups, the first charged with the work of killing the president and two cabinet ministers while they were driving together in a carriage in Managua, the second to assassinate Vice President Fernando Solerzano and the third to throw dynamite bombs among the members of the chamber of deputies while it was gathered in session.

The discovery of the conspirators while they were holding a meeting to arrange the final details of the plot was purely accidental.

HENRY LEDYARD 70 YEARS OLD

Detroit, Feb. 20.—Henry B. Ledyard, chairman of the Michigan Central railroad, received many congratulations today on his 70th birthday anniversary. Mr. Ledyard was born in Paris, where his father was secretary of the United States legation. He graduated from West Point, but after five years as an army officer he resigned his commission to take up a railroad career. He has been connected with the Michigan Central for 40 years.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by F. P. Albott, Druggist.—Adv.

The Best Cough Medicine.

"We have been using Chamberlain's Cough Remedy for the past month and consider it an indispensable. Its effect is almost instantaneous, and there is no use of talking. It is a dead shot on a cough or cold. We do not say this for pay but because we consider Chamberlain's Cough Remedy the best made, and want the people to know it and use it."—Columbus Safeguard, Columbus Junction, Iowa. The above editorial appeared in the Columbus Safeguard almost forty years ago. At that time the sale and use of Chamberlain's Cough Remedy was confined to a few counties in Iowa. It now enjoys a world wide reputation and many thousands have testified to its excellence. For sale by all dealers.—Adv.

BILL OF PARTICULARS SPECIFIES CHARGES AGAINST E. F. GEROLD

ST. LOUIS, Mo., Feb. 20.—A bill of particulars specifying the charges against E. Fred Gerold, former city treasurer of East St. Louis, Ill., who now is under an embezzlement indictment, was filed today by State's Attorney Webb of St. Clair county, Illinois. This action was taken in accordance with a court ruling that the indictment against Gerold could not be prosecuted until more specific charges had been filed. The bill of particulars charges that Gerold diverted \$20,865 on the pretense that he had paid this amount to redeem street improvement coupons. These, it is charged, already had been paid by his predecessor.

William E. McCurley of Woodson was a city visitor yesterday.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

DAY'S TRANSACTIONS IN STOCKS ARE THE SMALLEST OF YEAR

Only Semblance of Life Is De-
rived from Movements of
Shares with a Small Specu-
lative Following—Market
Has Good Undertone.

(By Associated Press)

NEW YORK, Feb. 20.—The only
semblance of life in the stock mar-
ket today was derived from the
movements of shares with a small
speculative following. These stocks
moved irregularly, reflecting no gen-
eral tendency.

There was a good undertone and
the market was not influenced by
selling here for foreign account.
London disposed of about 10,000
shares on balance. With a week-
end session tomorrow and a holiday
on Monday, professional traders do
not wish to put out new lines. The
day's transactions were the smallest
of the year.

Rumely shares gave way sharply,
Rock Island common at 5 1/2 and the
preferred at 9 1/2 reached the lowest
points at which these issues ever
sold.

General Motors, after its recent
spectacular rise, fluctuated erratically,
closing with a loss of about two
points.

Known movements of current dur-
ing the week indicated only a small
gain in cash. Forecasts of the bank
statement called for an increase in
cash holdings of \$1,500,000.

New York Stock List—Last Sale.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's
Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, always all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happily in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

Points in Wedding Etiquette.

With the exception of May, which is considered an unlucky month, and Lent, the quiet season, there is no time of the year when wedding ceremonies are not constantly taking place.

As might be expected, the preparations for a wedding take up not a little time and forethought. There are so many small details to be considered, various minor points of etiquette to notice, and a hundred and one things to remember if the actual day is to be gone through by all concerned without hitch or inconvenience.

The magnificence or simplicity of the ceremony depends, of course, on the worldly position of the bride and bridegroom, though certainly the present day tendency is toward a rather disproportionate display, as every year presents become more numerous and costly, the bride's trousseau more elaborate, while immense sums are expended on decorations, catering and such like items.

The popular fashion of white satin and orange blossoms for the bride's attire still holds its own, though there are occasional innovations made such as the wearing of gold or silver brocade and touches of color on the train, while quite recently, instead of the usual white bouquet or sheaf of lilies, the bride carried a great bunch of crimson roses.

For winter weddings muffs of fur, lace and chiffon have replaced the flowers, or sometimes a prayer book bound in white and silver.

The invitations are sent out a full three or four weeks beforehand in the name of the bride's parents, the bridegroom supplying a list of those of his own friends whom he wishes invited.

As regards the bouquets, those of the bride, bridesmaids and bride's mother are supplied by the bridegroom, who also pays all fees connected with the ceremony.

The cost of the reception and the carriages for taking the bride and guests to church are provided by the bride's parents, but the bridegroom pays for the carriage or motorcar to the station after the reception.

At one time it was considered incorrect for a widow to be followed by bridesmaids on the occasion of her second marriage, but this rule is often broken. Sometimes, however, the custom of a "matron of honor" is followed instead.

The number of bridesmaids varies considerably, four to six being most usual, but two, ten or twelve, or in their place several small children, are often seen.

The chief bridesmaid holds the bride's bouquet and gloves during the service, and all the bridesmaids and the parents on both sides follow to the vestry for the signing of the register.

Keep Your Hands Quiet.

The hands of some people seem to have acquired the secret of perpetual motion. A girl who has this fault should set about conquering it immediately if she does not want to do damage to the nerves of those who have to be with her and wreck her own. The instant she realizes that she is pulling at her hair combs, or collar, or giving her belt a vicious jab, let her stop and hold her hands fixed in her lap, no matter what effort it requires.

Look about in the theater, or tea room, or street car. Hardly a girl has her hands in repose. Most are tugging at some article of dress as they talk, or, what is worse, fingering the dress of a companion.

The manager of an office where there are many girls had to put up a notice that clerks must not touch articles on her desk when they came to speak to her. She says that one when making a report would pick up a pencil and draw weird figures on the desk blotter. The next hooked paper clips together, making a long chain that the manager had the work of unhooking; another tapped the desk with a pencil during her conversation. In short, scarcely a girl came and stood beside the desk with quiet hands.

The wall around a public telephone is another indication that most people while using the line must still be working with their hands, for always there is a mass of pencil scratches as far as the hand can reach.

When Introduced.

It is a duty to listen attentively to the name of one who is introduced. Avoid all mistakes by asking politely for the name that you have not heard or that has been mumbled by a thoughtless introducer.

"Will you tell me again your name?" I was not quick enough to hear it. It was a graceful little way of correcting an error. By all means do not guess at a name, nor do not conclude that a man and woman who enter a room and are introduced together are necessarily married. A guest has no right to refuse an introduction under the roof of a hostess who has invited many persons whose private feelings are naturally unknown to her. A courteous acknowledgment, even between unfriendly ones, is due your hostess. After the polite, formal acceptance of an introduction a separation can be effected. But don't forget to save other the embarrassment of an ill-bred display of personal feelings.

FUNERAL SERVICES FOR W. L. RANDELL ARE LARGELY ATTENDED

Knights Templar Carry Out Service at Centenary Church and at Grave in Diamond Grove Cemetery—Flowers Are Numerous.

The funeral of the late William L. Randell took place Friday afternoon at Centenary church where a large company assembled to pay honor to his memory. The ministers who took part in the service were Rev. G. W. Flagg, pastor of Centenary church and Rev. W. W. Theobald of Brooklyn church. After the sermon the service of the Knights Templars was carried out, Dr. Robert R. Buckthorpe, acting as eminent commander and Julius G. Strawn as prelate. A quartette consisting of Misses Nina Clayton and Helen Jones, Messrs. Albert Metcalf and Asa Robinson sang two selections and Mrs. Julian Hall a solo. Miss Alice Mathis served as the organist.

The service opened with the singing by the quartette of "One Sweetly Solemn Thought." Then Rev. Mr. Theobald read the 23rd Psalm and a portion of the 5th chapter of 2nd Corinthians. He closed with a prayer and then Mrs. Julian Hall sang "The Holy City." The sermon was by Rev. G. W. Flagg who took as his text, Ecclesiastes 8-8, "There is no discharge in that war."

The minister said that it was in a sense a grim and terrible text and night at first thought seem out of place. Yet he said that it was a knightly text for it was the business of Knights in years gone by to engage in war. "Death stalked about in those days and pain and terror reigned and it was in a warfare with these that Knighthood engaged in conflict. Men had to fight in those days for it was the only way to establish the right. Knights did not shirk their duty. They buckled on their sword and armor for that very purpose. A man who has once taken the vow of a Knight Templar may step out of the order so far as mere membership is concerned but he can not be released from the meaning of his vows when once they are taken. The text I have read sounds like pessimism, but it is another way of saying that all must die. And the picture that I have drawn is true, and yet it is not all the picture, for the true knight can give his hand into the hand of the leader of life. He can put on the sword, the helmet, the breastplate, the shield, and the sandals which that leader gives to his followers and thus equipped is ready to battle with the world and come out of the conflict a more than conqueror.

As we come to carry into effect the obligations of this order and to understand to the full the meaning of our text we realize that the real life is over yonder. That life, although it comes after conflicts in this world, means a life of peace through all eternity and when we remember this fact in connection with the others our text is turned from pessimism to optimism.

The quartet sang "Lead Kindly Light" and then the beautiful service of the Knights Templar was carried out. From the church the cortege moved to Diamond Grove cemetery where Mr. Randell was laid to rest in a flower screen grave. The floral tributes, which were in charge of Mrs. M. E. Gilbert, Mrs. E. L. Kinney, Miss Gertrude Atkins and Mrs. T. H. Buckthorpe, were especially beautiful and profuse, including emblems from the various branches of the Masonic fraternity not only from this city but from Springfield and Franklin as well, from the Knights of Pythias, local business and banking houses, aside from the large number of offerings from friends.

The commitment service at the grave was in charge of the Knights Templar, Julius Strawn acting as prelate and R. R. Buckthorpe as Eminent Commander. The bearers were Sir Knights Frank L. Best, Ralph I. Dunlap, E. E. Wells, E. L. Crouch, T. P. Carter and H. M. Rowland.

In addition to the large company of Knights Templar present there were many members of Jacksonville Lodge No. 570, A. F. & A. M., as well as a large company of Pythians. Rev. Mr. Flagg, in his sermon referred to both Knights Templar and Knights of Pythias.

FIRE DID SLIGHT DAMAGE.
About 1:30 yesterday afternoon the fire department was called to the residence of Dr. Virginia Dinsmore on West College avenue, where a spark flying from the chimney had ignited the roof. A small stream of water very speedily put an end to the danger. A very few shingles were burned and the loss will be insignificant.

GOVERNMENT PLANS CITIZENSHIP TRAINING.

With the co-operation of the National Municipal league and other organizations long interested in the problem of education for citizenship, the United States bureau of education is undertaking a comprehensive study of the whole problem of civic education. The work will be under the immediate direction of Mr. Arthur W. Dunn, now of New York, who made himself a national reputation some years ago by his work on this subject in the public schools of Indianapolis.

In this field of activity the government bureau of education hopes to do officially and systematically what has heretofore been attempted by a number of organizations working independently. Many civic associations throughout the United States have been agitating in behalf of education for citizenship; valuable results have been obtained, and many communities have made important experiments in improving citizenship through the schools and through other agencies. The bureau will seek to co-ordinate these hitherto separate efforts; to bring co-operation where independent action has prevailed; to make known everywhere the results of civic education so far accomplished, and to formulate a constructive plan for definite work in this important field.

One of the most pressing problems in citizenship education is that of properly equipped teachers. There are few teachers that have the requisite special training. It will be one of the vital tasks in the new work to find out what can be done to train men and women, whether already in the service or just preparing to teach, for the definite responsibilities and the possibilities of direct instruction in citizenship.

Present methods of teaching civics will be carefully investigated. Whether it is sufficient that children should know how the president is elected, or that they should be able to recite the constitution; to what extent modern social and civic questions—clean streets, pure water, milk supply, fire protection, means of transportation, co-operation, suffrage, divorce, etc.—are to be considered. These are the sort of questions to which the new corps of investigators will have to give some attention.

Special effort will be made to report the many attempts on the part of progressive communities to give all school subjects a more definite civic value. In Kansas City, Kans., for example, the chemistry course in the high school is in effect a course in practical civics—such things as water and milk analysis, with their significance in community life are emphasized, and high school students serve in the municipal laboratories. Cleveland teaches municipal problems in the biology course. Indianapolis has a course

in "community arithmetic" in the elementary schools. Vocational education and school hygiene both have civic phases of immense importance. These and other practical matters in citizenship training will be carefully examined.

In announcing the bureau's new work Commissioner Claxton points out that in the larger sense all education is really education for citizenship; that not only is citizenship training co-extensive with effective education in general, but that "the final justification of public taxation for public education lies in the training of young people for citizenship."

"THIS IS MY 63RD BIRTHDAY" Senator Sterling.

Thomas Sterling, United States senator from South Dakota, was born in Fairfield county, Ohio, Feb. 21, 1851. When he was four years old his parents moved to Illinois and located on a farm in McLean county, and on this farm he grew to manhood. He graduated from Illinois Wesleyan University in 1877. In 1880 he became city attorney of Springfield. Two years later he moved to Dakota, where he continued the practice of law. He was a member of the first state senate of South Dakota and exerted a strong influence in shaping the legislation of the new state. In 1901 he became dean of the college of law at the state university, and held that position until 1911, when he resigned to become a candidate for the United States senate.

SENTIMENT IN TRADE CHANNELS OPTIMISTIC

EXPANSION OF INDUSTRIAL IS ENCOURAGING.

Improving Conditions Are Particularly True of Wool—Fall Sown Wheat Gives Promise of an Enormous Yield.

New York, Feb. 20.—Dun's Review tomorrow will say: "Sentiment in commercial and industrial channels remains optimistic and evidences of improving conditions accumulate. This is particularly true of wool, sales of which continue large at advancing prices."

"Failures this week numbered 386 in the United States against 334 last year and 39 in Canada compared with 27 a year ago."

Bradstreet's Review of Trade. Bradstreet's tomorrow will say: "Optimism as to future is unimpaired, industrial operations are expanding at an encouraging rate and the retail trade in winter apparel has been stimulated by heavy snowstorms and zero weather. The coal trade has been benefited and fall sown wheat, apparently uninjured thus far, is in excellent condition and gives promise of an enormous yield if it goes to maturity without further untoward developments."

REFUSES TO PERMIT FRIENDS TO INTERVENE

Judge Creighton Rules Against Friends of Commissioner Spaulding in Springfield.

In the Sangamon County Circuit Court Friday morning, Judge James A. Creighton refused to permit Fred Buck and twenty other Springfield citizens friendly toward Commissioner Spaulding, to intervene and align themselves as co-defendants with the city in the action brought by Edward W. Payne to restrain the city commission from purchasing a generator and proceeding with the consolidation of the water and light plants.

Kenney, counsel for Buck, et al, sought to persuade the court that his clients would be in a position to avail themselves of defenses other than those intimated by the city to the Payne suit. He asserted that the city is not in the case with "clean hands" inasmuch as it has sanctioned alleged unlawful acts tending to favor the Payne contentions.

Judge Creighton in substance ruled that the only party defendant necessary to a taxpayer's suit to enjoin the unlawful expenditures of money by the city is the city itself in its corporate entity.

Has Spent Four Years for Uncle Sam On Battleship California.

Harvey Pollock, who has been serving in the navy for the past four years has received an honorable discharge and returned to Jacksonville at the home of his sister, Mrs. T. J. Lair. Mr. Pollock made some good marks while in the employ of Uncle Sam and has many interesting accounts to give of his long service. He was on the battleship California and cruised most of the time in the Pacific coast. He has spent some time on the coast of China and Japan and for five months was with the expedition forces in Nicaragua. Recently the California has been parading the coast of Mexico to be in readiness if its services were needed there.

ENGLISH PLAYERS GREETED BY LARGE AUDIENCE AT GRAND

Two Comedies Presented by Repertory Company of High Class—Theatre Supper Given by Drama League.

B. Iden Payne's English Players, who came to the city under the auspices of the Jacksonville center of the Drama League of America, were well received Friday evening in their presentation of Harold Bright-house's "Lonesome Like" and "Dolly Reforming Herself" by Henry Arthur Jones. The comedies were appreciated and the league is to be congratulated upon the size and quality of the audience which gathered at the Grand Opera House to witness these well known players from abroad. At the conclusion of the performance the dramatic company was entertained at the Peacock Inn by the members of the Drama League and informal talks were made relative to the drama's progress in America. The speakers were Hon. Thomas Worthington, representing the local center, and Mr. Payne and Walter Hampden of the English Players.

The English Players have just completed an engagement of fourteen weeks in Chicago and are now making a tour of two and a half weeks of smaller cities of the vicinity under the auspices of the Drama League. They will appear tonight at Urbana and will make several other cities of like size, returning to England shortly after March 1. Mr. Payne is recognized as one of the most advanced of the English stage directors and his company is favorably known for its intelligence and versatility in modern repertory work.

"Lonesome Like," a one act comedy by Harold Brighthouse, is one of the "simple annals of the poor." It describes the plight of an aged woman after a life of toil with no one to care for her and contrasts the practical Christianity of the hungry hearted village poet with the empty comfort offered by the parish prelate. The scene is laid in a village in Lancashire and the cast is composed of Frances Waring as Sarah Ormerod, Helen Silverman as Emma Briery, T. W. Gibson as the Rev. Frank Alleyne and Whitford Kane as Sam Horrocks.

"Dolly Reforming Herself" is based on the story of an extravagant wife who would not reform, an indulgent husband who occasionally gave way to fits of temper, a cynical but good-natured father who sometimes made a good peacemaker, two young people who cherished a mutual clandestine admiration a little too strongly and a professor who was very learned and who knew all there was to be known concerning the interrelation of free will and "gray matter." The whole story was highly pleasing and the automatic nature of the human will and the futility of New Year's resolutions were alike demonstrated in a most effective manner.

Dallas Anderson approached perfection in his representation of the well intentioned husband and the "sneezing" Dolly Telfer was finely interpreted by Louise Randolph. C. Haviland Burke took the part of Mathew Barron, Dolly's father, and Walter Hampden that of Capt. Lucas Wentworth, Dolly's cousin. Professor Sturgess was played by T. W. Gibson and Mrs. Sturgess by Mona Limerick. The other characters were the Rev. James Pilcher, taken by Whitford Kane; Criddle, by Burk Symon and Peters by Helen Silverman. Complimentary mention should be made of Mr. Hampden as Mathew Barron, Miss Randolph as Dolly and of Miss Limerick, with her excellent emotional acting, as Mrs. Sturgess, the recent wife of the professor.

The Hon. Thomas Worthington presided at the Peacock Inn luncheon and introduced Mr. Payne, the manager of the company. Mr. Worthington spoke of the work of the league in Jacksonville and of its purpose in securing plays that are worth while. He said that many theatre goers have in times past been driven away entirely and spoke hopefully of the attempts of the Drama League to rehabilitate the legitimate drama in Jacksonville. Mr. Payne said he considered Jacksonville a good field for Drama League activity. On account of the decided local atmosphere of culture and education, he warned the center against securing productions of the "uplift" and "high brow" order before the public has been educated into a state of more thorough-going dramatic discrimination. Mr. Hampden spoke rather pessimistically of the present outlook and offered no immediate relief but urged the true friends of the drama to labor as faithful pioneers for a good cause and work cheerfully for the new universal art which shall arise phoenix-like from the ashes of present decadence and bring a stronger and more virile drama in the future.

MRS. PANKHURST'S WHEREABOUTS MYSTERY TO LONDON POLICE

LONDON, Feb. 21.—The whereabouts of Mrs. Emmeline Pankhurst, the militant suffragette leader, is a mystery to the police.

Mrs. Pankhurst has a long letter in the newspapers today, however, in which she accuses Reginald McKenna, the home secretary, of discrimination in the treatment of suffragette prisoners. Mrs. Dacre-Fox, one of the leading members of the women's political and social union, declined last night to reveal Mrs. Pankhurst's whereabouts. She said, however, Mrs. Pankhurst had not left the country.

The Mystic Seven met last night at the home of Miss Pearl Jaeger and enjoyed a pleasant session of music and social converse. The decorations and refreshments were in keeping with St. Valentine's day.

Mrs. John M. Hurst who has been ill at her home on Hardin avenue for the past week is much improved.

LOS ANGELES STORM HARD ON ORANGE AND LEMON GROWERS

Citrus Fruit Region is Washed by Mountain Torrents—Railroad Traffic Demoralized.

Los Angeles, Cal., Feb. 20.—Orange and lemon growers of the citrus fruit region about Los Angeles who suffered severely in the freeze of January 1912, sustained another hard blow in the storm which began early Wednesday and continued today.

Groves nipped and shrivelled by the frost a year ago, were washed out today by mountain torrents and in many instances homes floated off on the crest of the swirling currents. In Los Angeles but little rain fell today but cloudbursts in the mountains sent down torrents which flooded streets in various suburbs, sweeping away several bungalows. Railroad traffic in and out of the city was still in a demoralized condition.

Babb also of Osceola.

LOSE ALL MONEY AND PROPERTY IN FIGHTING FEDERAL CHARGES

Chicago Men Lose Five Prosperous Grocery Stores and All Money in Six Year Fight With Government.

Chicago, Feb. 20.—After six years fighting in the federal courts against charges of violating the oleomargarine law, Knute K. Pringle and his brother, Peter, made peace with the government today. But during the years in which they battled for their liberty, they lost five prosperous grocery stores which they owned when they were first arrested. All of their money and property went to pay lawyer's fees.

Although sentenced to four years in the federal prison their case was reversed and finally only one charge remained against them—that of failing to destroy used revenue stamps. Judge K. M. Landis heard their plea of guilty to this charge today, also the story of their hardships. He sentenced them to one day in the custody of the United States marshal.

LATE SENATOR BACON LEAVES ESTATE VALUED AT \$200,000

MACON, Ga., Feb. 20.—An estate valued approximately at \$200,000 and consisting principally of real estate in Macon was left by the late Senator A. O. Bacon. His will, offered for probate today provides that after the death of his wife and daughter, seventy-five acres in the heart of Macon, valued at nearly \$100,000, with the sum of \$10,000 shall be given to the city for a park "as a memorial to his ever lamented and only sons' twins, who died in 1884.

Although he and his wife were separated more than twenty-five years ago he referred to her tenderly in the will and left her the family residence and an annuity of \$1,800.

FUNERALS

Majors.

Funeral services for Mrs. Letha Majors were held Friday afternoon at 2:30 o'clock at the residence of her son, 1206 Lincoln avenue, in charge of Rev. Mr. Russell, pastor of Mt. Emory Baptist church. Music was furnished by a quartet composed of Mrs. Stella Hayden, Mrs. Nellie Simms, Mrs. Ida Sallee and Mrs. James Scott and the flowers were cared for by Mrs. Dallas Lee, Mrs. Aaron Smith, Mrs. Milton Black and Mrs. Walter Jordan.

Interment.

Interment was made in Jacksonville cemetery and the bearers were Juba Morgan, Aaron Smith, Dallas Lee, Silas Timberlake, Charles Richie and Henry Tandy.

Rayborn.

The funeral of Henry Rayborn was conducted from the M. E. church in Concord Friday afternoon at 2 o'clock in charge of Rev. Davis Martin and Rev. H. J. Floreth. The music was furnished by singers of the three churches of Concord. There was a large number of Odd Fellows in attendance as Mr. Rayborn was a member of that organization. They had charge of the committal service at the grave, took charge of the flowers and acted as bearers.

Interment was made in the Concord cemetery and the bearers were: Walter Beddenfield, John Yeck, Harry Yeck, Truman Cowden, Sidney Smith and Silas Rentschler.

MATRIMONIAL

Cruzan-Luttrell.

Mr. Ralph Lowell Cruzan and Miss Mayme Catherine Luttrell were married Thursday evening, at the parsonage of the Catholic church, Rev. Father Formaz officiating. The attendants were Miss Mabel Vensel and Mr. John Buckley Jr. The bride wore a gown of white charmeuse and carried bride's roses, and the bridesmaid wore a pink charmeuse dress and carried pink roses. The flowers were brought from Lincoln by a friend of the bride.

Following the ceremony the wedding party went to the home of Mr. and Mrs. Frank Hagood, 804 Ashland avenue, where an elaborate two course luncheon was served, to a few intimate friends. Mrs. Hagood was assisted in entertaining by Mrs. Nellie Vensel and Miss Catherine Hines. The bride is the daughter of Mr. and Mrs. E. C. Luttrell of Eldorado, Ill., but for the past few years has made this city her home. The groom is the son of Mr. and Mrs. C. R. Cruzan of South Diamond street and has lived in this city all his life, and is favorably known. They expect to make their home on South Diamond street in a house recently furnished by the groom. Mrs. McNoon of Lincoln and Roy Vensel of Cushing, Okla., were among those to attend the wedding from away.

Lawless-Caffery.

Mr. James Lawless of Peoria and Miss Anna Caffery of Alton were married Wednesday, Feb. 18, at the Cathedral in Alton, Rev. Father Farrouth officiating. The newly wedded couple, after a short trip, will reside in Alton at 503 Alfie street. The groom is well known in Jacksonville, this being his home until he moved to Peoria some three years ago.

WILL OF WEALTHY LUMBER MAN IS BROKEN BY LOS ANGELES JURY

LOS ANGELES, Cal., Feb. 20.—The will by which Frank H. Holyoke, a lumberman of Bangor, Maine, left the bulk of a \$400,000 estate to two nieces Madeline and Marjorie Holyoke was broken by a jury in the superior court today. The jury decided Holyoke was of unsound mind when he made the will just prior to his death in Pasadena in November 1911.

The will was contested by Sydney Archibald Holyoke, a son of the lumberman, now a resident in Milwaukee, who was cut off with a bequest of \$100. The executors of the estate announced that an appeal in behalf of the Misses Holyoke would be filed at once.

ILLINOIS SUPREME COURT WILL ADJOURN FEBRUARY TERM

Springfield, Ill., Feb. 20.—Tomorrow the Illinois supreme court will adjourn the February term. It is probable there will be no decision in the Scow-Czarnecki case involving the constitutionality of the woman suffrage act and that a decision in this case will go over until the April term. No word has come from the court on this subject however.

One of the important decisions will be in the case of Ray Pfanschmidt, convicted in Adams county and sentenced to hang for the murder of his parents, his sister and a school teacher who boarded at the Pfanschmidt home. A reversal and new trial are sought.

IT'S HUMAN NATURE

to like to "do unto" those who appreciate.

We cater to young men especially because they're clothes enthusiasts. They know superior clothes when they see them, and we feel repaid for the time and study we spend searching the leading markets of the world for them. We expect a good deal of appreciation this Spring by young men for Society Brand Clothes.

The first showing for Spring is now on display in our windows. Ask us to show them to you. Try them on. Note the beautiful fit, the distinctive cut, the smartness, the just enough "swagger" so different from ordinary clothes. You'll find yourself well repaid when you see them.
